Sharing Pearls is an independent Christian live radio program that began in May 2000 with the vision of "A Mission Possible". The theme is "Sharing and Caring" for people of all ages, races, denominations and backgrounds with the love of God. The program provides an abundance of resources that extends love and help to inspire and encourage the listening audience. As a network between individuals and organizations, services are made available, when possible, to those in various stages of need.

Today we are growing and serving individuals, communities, businesses, organizations, churches and ministries by providing opportunities "on the air" for personal testimonies, prayer time, teaching from the Word of God, inspirational music, and public service announcements.

The organization of Sharing Pearls is dedicated to making a difference in a world of hopelessness and fear by encouraging listeners to share positive testimonies that will offer a ray of hope to others.

As we consider what is happening in the world today especially in the media: TV, radio, etc., wholesome programming is nearly extinct. Sharing Pearls assures a family oriented program with a heart and vision to reach the world.

"SHARE YOUR PEARL" PRESENTATION

Sometimes "pain" comes into our life, bringing circumstances beyond our control. Compare that to a grain of sand in an oyster shell. The sand causes an irritation so the oyster forms a protective substance to eliminate it. The friction of the substance and the grain of sand eventually produces a valuable pearl.

So often in life our situations create irritations, and when we allow it, a substance of strength is developed through the experiences of others to help us overcome difficult situations.

A symbolic "pearl" distributed to all participants is a visual reminder of the importance of sharing their experiences with others, showing genuine care for people who may be hurting. Participants are asked to share a positive testimony and do a good deed for someone. Then they should give the pearl to that person asking them to do the same thus creating a chain of hope and encouragement.

*"As a gem is polished with friction,
so a person is perfected with trials."*
